Why is our knowledge poor?

- No disaggregated and consolidated data
- No efficient implementation of legislation
- Sectorial policies: no efficient coordination
- Specific Child Budget
- No measure of impact: indicators
- No independent structures
- Police, justice: Child space, free medico-legal assistance
- Socio-economic crisis
- Juvenile Justice reform
- Labor code
- Child labor: domestic and handicraft
- Family code
- Press code
- Kafala
- Family judges
- Police dedicated to minors
- Child protection code
Professionals working together

- Screening
- Prevention
- Diagnosis
- Referring/Reporting
- Treatment
- Advocacy
Structures for connections

- **Screening tool:** Childoflebanon

childoflebanon mission is to prevent CAN and to promote good practices in child rights:

- Contribute in setting a knowledge-base
- Analyze cases of CAN
- Build up a team of intersectoral professionals
- Develop a relevant network of resources, including children and youth
- Increase public awareness about violence against children
- Promote the rights of children by actions, education and information
childoflebanon perspectives [1]

- A better understanding about CAN
- Building a solid knowledge base on CAN
- Increasing information about available resources
- Reinforcing co-operation between research centers
Informing children about their rights

Contributing to the development of an integrated strategy, based on evidence

Set up a surveillance and monitoring for the extent and the pattern of child maltreatment

facilitating involvement in research and training
Do CHILDREN have rights issues in Lebanon?

- Equity?
- Cross-generational?
- Gender-related?
- Cross-cultural?
- Cross-borders?
THANK YOU
